

## This is how we help you find work

We will meet you in person or online.

We will talk about how our supported employment programme can help you.

We will get to know you and talk about your skills.

We will talk about what career you would like to have.

We will help you to write a good CV.

Next, you will be ready to look for a job!

We will have a meeting to talk about what jobs interest you.

We will show you the different ways to look for work and how to apply.

We will help you to sign up to job websites

We will help you prepare for interviews.

After your interview, we will talk about how it went.

If you don't get the job, we'll discuss what to improve for the next time.

If you are offered a job, we will talk with your employer about your needs.

We will make sure your new place of work will meet your needs.

We will make a support plan so you know who you can contact for help.

Your supported employment worker will be available for six months if you need any support.

We will plan a monthly call to talk about how your new job is going.

We wish you the best of luck!
